RaceDay.WpfUi.Views.NewRace
DayView

```
graph LR; A[RaceDay.WpfUi.Views.NewRaceDayView] --> B[System::Windows::Controls::UserControl]; A --> C[System::Windows::Markup::IComponentConnector];
```

The diagram illustrates the inheritance hierarchy for the `NewRaceDayView` class. It is a grey rectangular box on the right. Two light blue arrows point from its left side to two white rectangular boxes on the left. The top white box contains the text `System::Windows::Controls::UserControl`, and the bottom white box contains the text `System::Windows::Markup::IComponentConnector`.
